WORK EXPERIENCE

OS Code   Hybrid
Full-Stack Developer Intern   Oct 2024 – Apr 2025
- Worked on a team making the front-end of **"Evota",** a website for sales of smartboards.
- Learned how to work with a team and refactor and managed the code accordingly.
- Learned to manage time and complete the work on strict deadlines.

Made For Solution   Hybrid
Front-End Web Developer Intern   Aug 2024 – Oct 2025
- Gained professionalism in front-end technologies like React
- Worked maintenance on several websites already developed
- Experienced working in a time-bound corporate environment

PROJECTS

FoodZero
Description:
- Developed a fully responsive and interactive restaurant website using React, focusing on seamless user experience and clean design. Implemented core features including dynamic menu rendering, customer reviews, and a contact/reservation section. Ensured smooth page transitions and mobile-friendly navigation using modern UI practices. Integrated state management for efficient component communication and performance optimization.

Metaversity Website
Description:
- Led the front-end development and technical architecture of the Metaversity Club's official website. Built a modern, responsive platform to showcase campus tech events, activities, and member achievements. Designed intuitive navigation and ensured scalability for future event integrations. Played a key role in boosting student engagement through a visually appealing and functionally rich interface.

EDUCATION

Vellore Institute of Technology.   Bhopal, Madhya Pradesh
B.tech in Computer Science (Core)   Expected 2026

Delhi Public School, Maruti Kunj   Gurugram, Haryana
Standard 12th

ACTIVITIES

Metaversity Club
